More reach & dominance

Spanish-speaking countries, are leading in crypto adoption. Argentina processed \$85.4 billion in crypto transactions.

Mexico's \$3.3 billion in remittances, and Venezuela's reliance on digital assets highlight deep regional engagement.

With 486 million Spanish speakers, we connect you to this essential and rapidly growing market.

The francophone market

France ranks 23rd globally for crypto adoption, with 1 in 8 people now holding crypto assets—driven by a young, under-35 demographic.

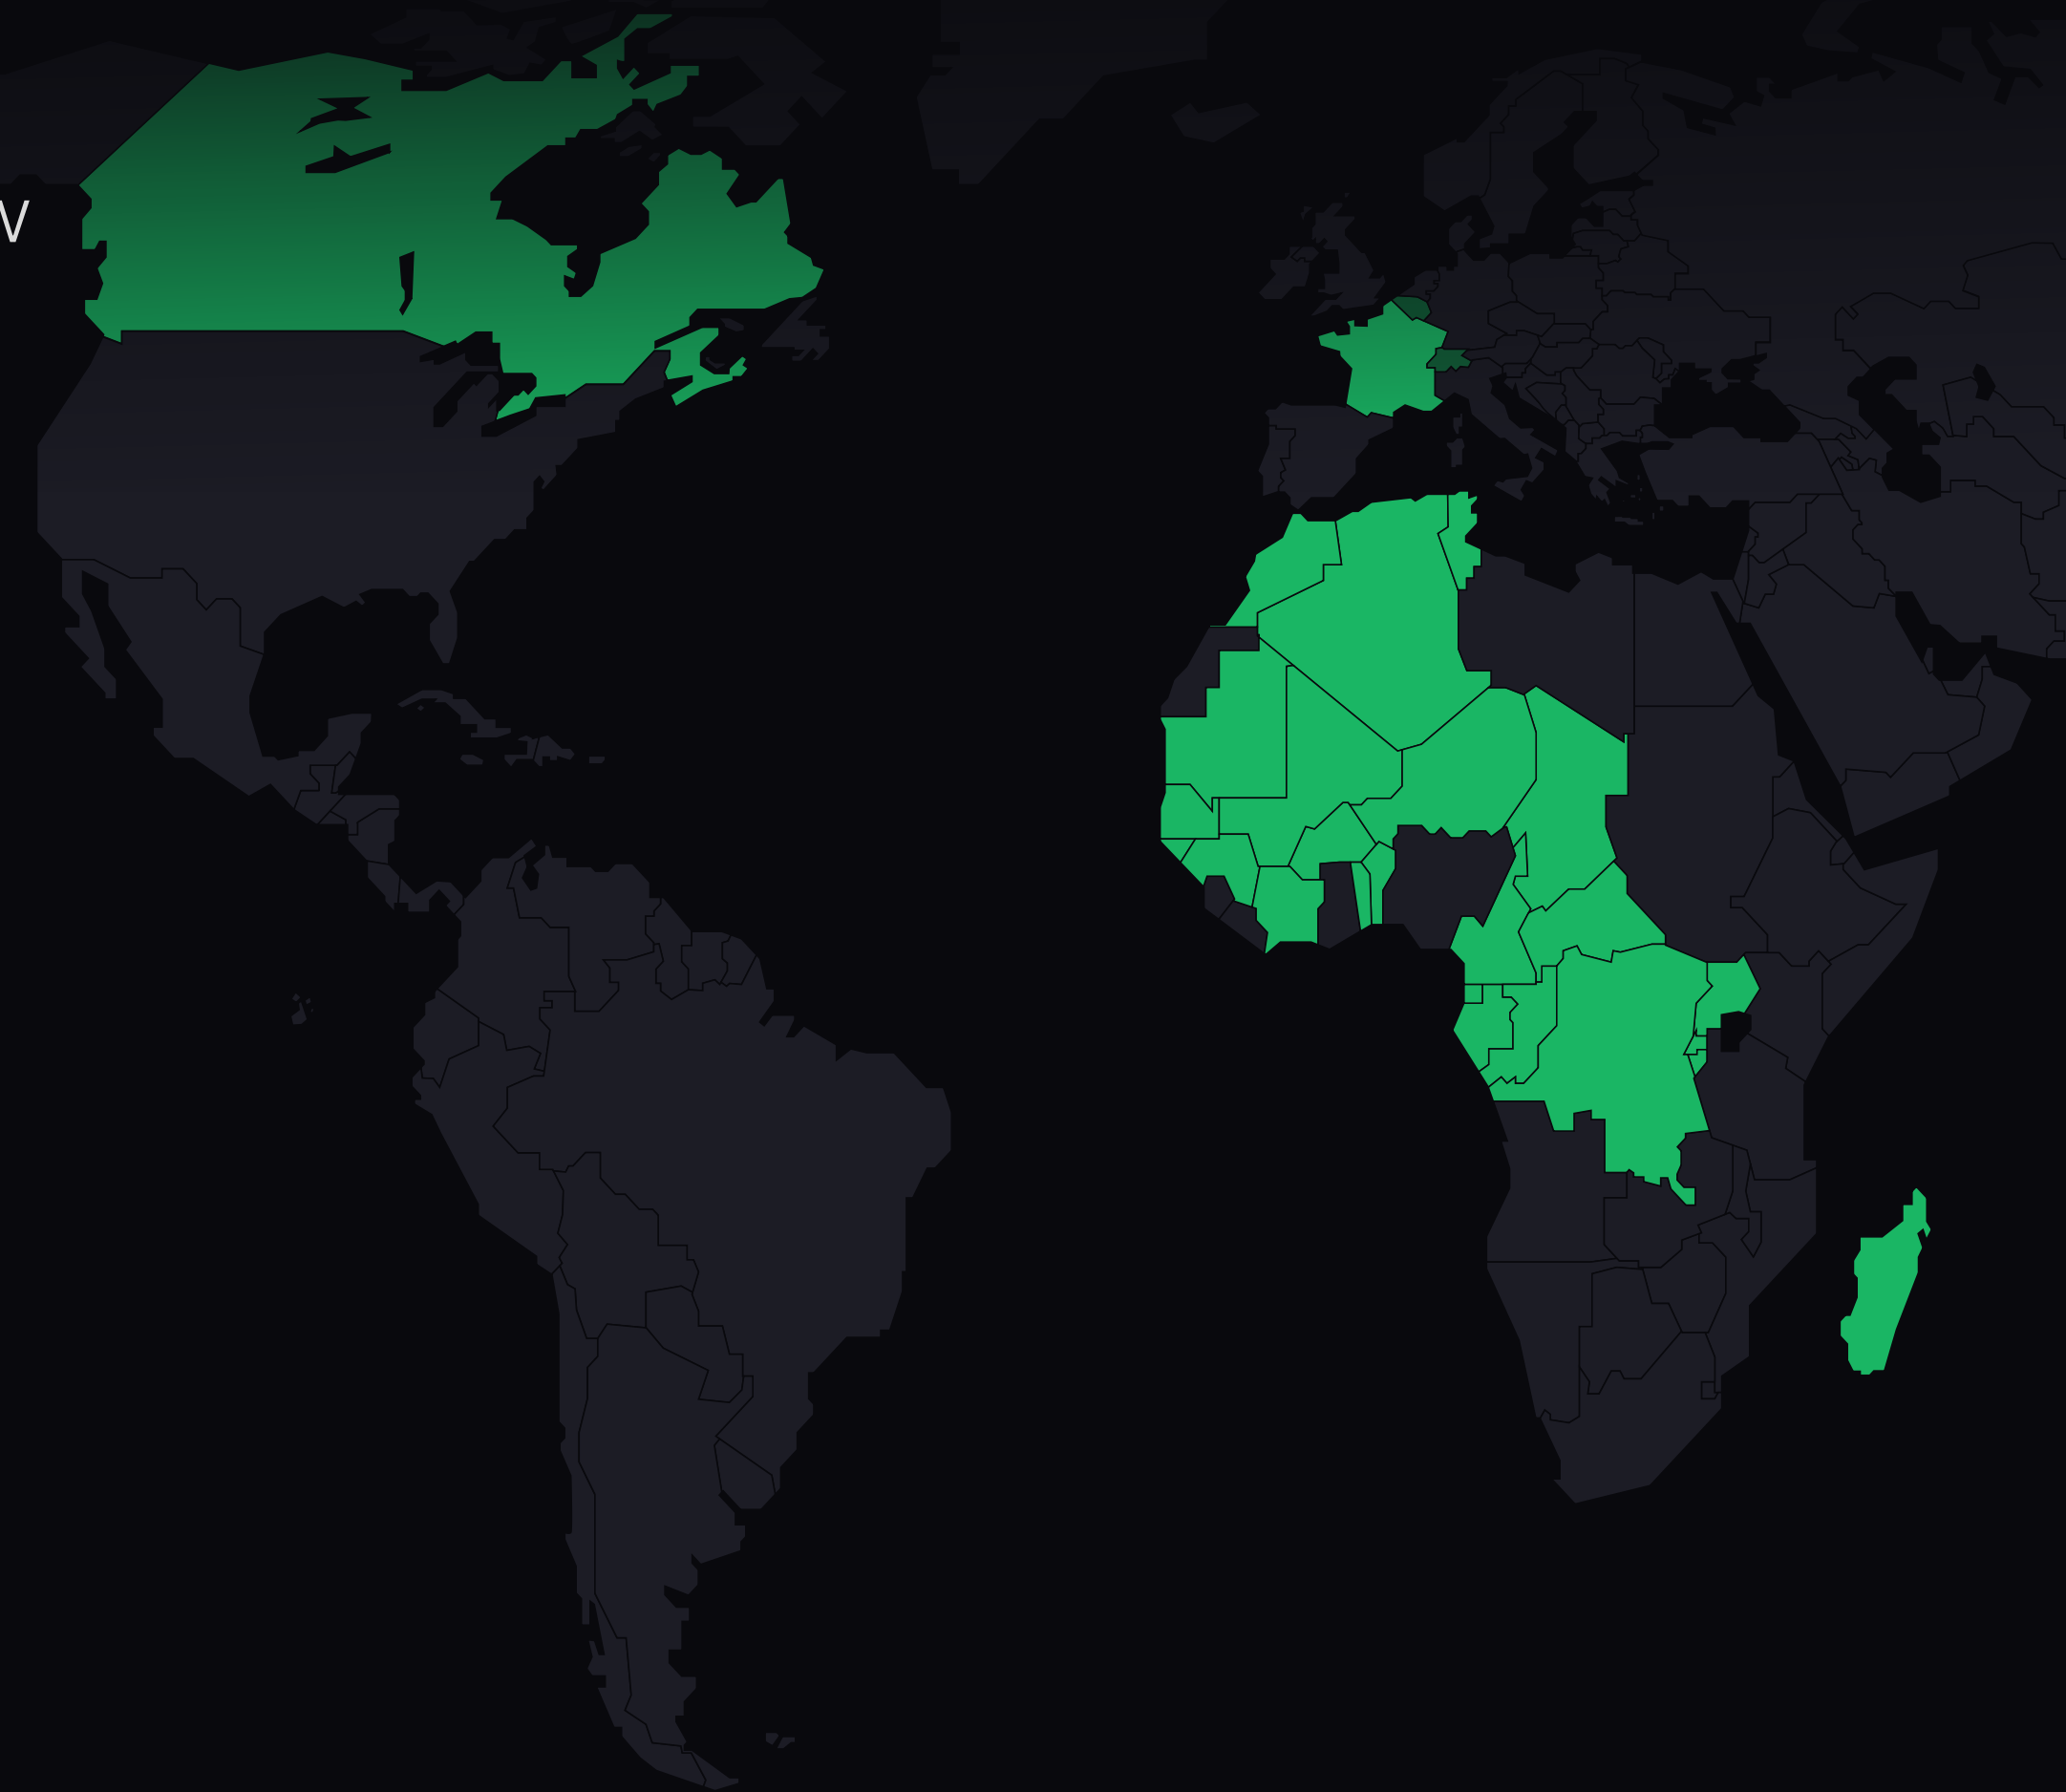

In Africa, French-speaking countries like Senegal and Ivory Coast are also embracing crypto amid economic challenges. In Canada, adoption ranked 22nd globally with engagement up 213%.

Tap into the fast-growing Francophone markets, where digital assets are becoming essential financial tools.
